We sell a freshly prepared, customized green salad with your choice of toppings and dressings. It is sold by weight including the weight of anything on the side and the dressing. We make all of our dressings from scratch (except the fat free Italian) using First cold pressed extra virgin olive oil and/or soybean oil. We do not use any nut oils in our dressings nor do we use peanut oil. We try to offer a variety of choices on the bar so if you miss a dressing or topping, it's not lost forever - it's just out of the rotation...and soon to come back around.
